Description of legal restrictions on the acquisition or transfer of shareholdings
<p>Since the legislative changes in 2009 the legal restrictions on the acquisition or transfer of shares are as follows:</p> <p>ACQUISITION:</p> <p>Section 21 of Law 10/1988 of private Television dated 3<sup>rd</sup> May, as amended, sets forth:</p> <p>1. Individuals or corporate persons who directly or indirectly hold five percent or more of the total share capital or voting rights of a public television service concessionaire may not own a significant holding in any other public television service concessionaire which offers the same cover in the same area.</p> <p>Individuals and corporate persons may simultaneously hold shares or voting rights in different national public television service concessionaires.</p> <p>Nevertheless, for national public television service concessions no individual or corporate person may acquire a significant shareholding in more than one concession when the average audience of all the national concessions' channels considered is more than 27% of the total audience over the twelve consecutive months prior to the acquisition.</p> <p>If this percentage is exceeded after the acquisition of a new significant shareholding this will not be taken into consideration when applying articles 17.2 and 21 bis of the Law.</p> <p>Likewise, individuals or corporate persons not included in the above paragraph who, directly or indirectly, hold share capital or voting rights of five percent or more of the total of a public television service concessionaire in an autonomous region may not hold a significant shareholding in any other local public television service concessionaire whose broadcasting area is included in the former, provided that the population of the areas covered by its broadcasts exceeds 25% of the total population of the autonomous region.</p> <p>A significant shareholding or significant voting rights may not be held under any circumstances in national, autonomous and local public television service concessionaires when their broadcasts simultaneously coincide in the same reception point.</p> <p>2. No public television service concessionaire may hold a significant shareholding in another similar company in the circumstances referred to in the above section.</p> <p>3. In any event, individuals or corporate persons who, directly or indirectly, hold more than five percent of the total shares or voting rights of a public television service concessionaire, as well as public television service concessionaires, may not directly or indirectly appoint members of the governing bodies of more than one company which is a public television service concessionaire except when a significant holding in these companies is permitted pursuant to the provisions of sections 1 and 2 of this article.</p> <p>4. For the purposes of this article, a significant holding is considered to be that which directly or</p>

indirectly amounts to at least five percent of the capital or voting rights.

5 For the purposes of this article, shares or other securities are considered to be owned or acquired by an individual or corporate person when these are acquired by entities belonging to the same group as defined in article 4 of Spanish Securities Market Law 24/1988, of July 28. Likewise, those owned or acquired by other persons who acting in their own name do so on behalf of an individual or corporate person either in a concerted manner or forming a single decision-making unit. Unless there is evidence to the contrary, other persons will be considered to be acting on behalf of a corporate person or in a concerted manner in the following cases:

- a) Shareholders or corporate persons when they have a reciprocal pact or agreement in respect of shares or voting rights
- b) Individuals or corporate persons when they have signed any form of agreement or pact to adopt or block actions which might significantly affect the competitive strategy of a company in which they hold a direct or indirect holding
- c) Holders of shares or voting rights of an entity that can control a company by the joint exercise of their voting rights, whose common interests favor joint action to prevent mutual loss or to obtain a common gain by exercising their rights in respect of the investee
- d) Parent companies or subsidiaries of competing company groups when they have crossed interests
- e) Holders of shares or voting rights when they have signed any kind of pact or agreement with the aim of jointly managing and having significant influence over the programming, definition or coordination of the business strategy, the commercial policy in respect of design, management, establishing prices, managing promotional activities and advertising campaigns, as well as managing installations and resources.
- f) If there are pacts or agreements, of the type referred to in this section, between the holders of shares or voting rights and a third party this will determine, that a concerted action has been taken by the holders of shares or voting rights who have signed such pacts or agreements and the third party in question.
- g) Holders of shares or voting rights when any of the above circumstances have occurred in the past which suggests a shared interest exists.

In any event, the ownership of shares and other securities as well as voting rights must be taken into account.

6. The Spanish Ministry of Telecommunications and Information Society, or where applicable, the competent regional authority, within their respective competences, has the legal right to take actions aimed at enforcing the limits imposed by this article

7. The latest population census published by the INE (Spanish National Institute of Statistics) shall be used to determine the population of the area covered by broadcasts

8. The provisions of this article do not preclude any sectoral legislation applicable in each case.

9. Shares or voting rights of individuals or corporate persons that are nationals of non-EEC countries which are acquired after the introduction of this Royal Decree-Law on Public Television Service Concessionaires are subject to compliance with the principle of reciprocity.

Should the shareholding or voting rights which, at the date of introduction of this Decree-Law, are held by individuals or corporate persons that are nationals of non-EEC countries increase, the total percentage of the share capital held by the corporate person owning the concession must always remain at less than 50% of the total.

10. No individual or corporate person may acquire a significant holding or significant voting rights in more than one public television service concession:

a) When national public television service concessions accumulate users' rights over radio-electric public domain which as a whole are more than the technical capacity of two multiple channels

11 No individual or corporate person owning or having a share in a national public television service concession may acquire a significant holding or voting rights in another concession when this would impair the existence of at least three concessionaires, ensuring that the plurality of information is respected.

#### TRANSFER:

Section 21 of Law 10/1988 of Private Television dated 3rd May, as amended, sets forth:

“1. Any individual or corporation with the intention of acquiring, either directly or indirectly, a significant shareholding in the capital of a concessionaire shall previously notify the Ministry of Industry of such intention, including the percentage of the shareholding, the terms and conditions of the acquisition and the maximum term within which the transaction is expected to be completed.

A significant shareholding in a concessionaire providing essential television service shall mean a share reaching, either directly or indirectly, at least 5% of the capital or of the voting rights related to the shares of the entity.”

“2. Any individual or corporation with the intention of increasing its shareholding, either directly or indirectly, so that its percentage in the capital or voting rights reaches or exceeds any of the following percentages: 5, 10, 15, 20, 25, 30, 35, 40 and 45 percent shall also previously notify the Ministry of Industry of such intention, under the terms of paragraph 1 above.”

“3. The Ministry of Industry shall have a maximum term of three months as from the date on which the relevant information is entered on any of the registers of the Department to notify the acceptance or, if applicable, the refusal of the intended acquisition.

The refusal may be based on lack of transparency of the structure of the group to which the acquiring entity will belong or the existence of links between the potential acquirer and any other concessionaire providing essential television service that may impair the principle of non-concentration inspiring this Law.”

“4. The acquisition shall be completed within a maximum term of one month after its acceptance.”

“5. The provisions of this Section shall be without prejudice to the provisions on significant shareholdings contained in the Stock Exchange Act 24/1988 dated 28<sup>th</sup> July.”

“6. Once the acquisition has been completed pursuant to the prior notice procedure set forth here in above, this acquisition shall be notified by the acquirer to the Ministry of Industry, which shall cause its registration with the Special Register of Concessionaires. The transferor shall also notify the Ministry of Industry of any transfer of shares in the concessionaire entailing the decrease of one of the shareholding percentages included in paragraph 2 above, in order for the Ministry of Industry to cause its registration.

Any notice of acquisition or transfer referred to in this section shall be given within a month after such acquisition or transfer is completed.”

A.11 State if at the Annual General Meeting it was agreed that neutralization measures would be taken up on a takeover bid under Law 6/2007.

B.1.14 Describe the process used for establishing the remuneration of the directors and the main provisions of the Articles of Association on the subject:

Process used for establishing the remuneration of the directors and the main provisions of the Articles of Association
<p>Article 56 of the Articles of Association and Article 28 of the Regulations of the Board of Directors describe the process to set the directors' remunerations and conditions to be met.</p> <p>Description</p> <p>Article 56 of the Articles of Association determines the manner in which the system of remuneration to directors is established, differentiating between executive directors and all other directors.</p> <p>In this way the members of the Board of Directors who are executive directors shall receive, in addition to the remuneration corresponding to them as directors, remuneration comprised of:</p> <ul style="list-style-type: none"> <li>(a) a fixed part, appropriate to the services and responsibilities assumed by them;</li> <li>(b) a variable part correlated to some indicator of performance of the director or the company;</li> <li>(c) a benefit-related amount for welfare and insurance purposes.</li> <li>(d) It may also include the delivery of shares or options over them.</li> </ul> <p>The Board of Directors shall be responsible for determining the amount of the remuneration concepts integrating the fixed part, configuration modalities and indicators for calculating the variable part (which in no case may consist of an interest in Telecinco's profits) and benefits, upon report to the Appointments and Remuneration Committee.</p> <p>The variable component of the remuneration is related to the director's or company's</p>

performance indicators (in the case of the company's performance indicators, the qualifications appearing on the Audit Report and reducing results, if any, should be considered).

In any event, directors' remuneration is granted based on their degree of dedication and without comprising their independence whatsoever.

The Annual General Meeting of Shareholders shall have jurisdiction over the decision whether the remuneration is to be complemented with the delivery of shares of Telecinco or options over shares. The agreement will, as applicable, state the number of shares to be delivered, the strike price for exercising the option rights, the value of the shares taken as reference and the duration of his form of remuneration.

In addition, Telecinco is authorized to take out civil liability insurance for its directors.

#### Competent Bodies

The process starts with the Appointments and Remuneration Committee, which is responsible for preparing the proposed remuneration policy for directors and senior managers of the Telecinco Group. Approval of legally required aspects falls to the Board of Directors and the Annual General Meeting.

The Annual General Meeting is responsible for fixing the maximum amounts that the company can pay to directors as and for fixed remuneration and per diems for their attendance, as well as for approving the delivery of options on the company's shares. Once the maximum amount has been determined, the Board of Directors is responsible for deciding how to share out the amount among the directors based on their dedication throughout the financial year.

The maximum amount of fixed remuneration and per diems for attendance approved by the Annual General Meeting in 2005 (the first meeting held after the stock market listing), 2006, 2007, 2008 and 2009 was the same: 1,800,000 euros. Once these limits were established, the actual amounts paid to directors in fixed remuneration and per diems for attendance in 2006, 2007, 2008 and 2009 were 1,051,101, 1,214,500, 1,244,500 and 1,308,000 euros, respectively. It must be highlighted that the increase in 2009 is due to the total number of directors on the Board being increased by two new members.

Information on share price options granted in 2009 is included in section A.3 and detailed further in section G.

#### Transparency

For greater disclosure and transparency in the process of establishing the directors' remuneration policy, article 56 of the Bylaws and article 28 of the Regulations of the Board of Directors establish the obligation to include an itemized list of the remuneration received in the notes to the annual financial statements, explaining all items for which directors have received any amounts.

As in previous years, section G provides a breakdown of amounts received by each director for all items. Similarly, at the 2010 Annual General Meeting, shareholders will be provided the Report on the Directors' Remuneration Policy as a separate item on the agenda for consultation.

This year, in addition to the usual information on the directors, the Report includes information on the remuneration paid to senior management of Telecinco and the main Group companies, on golden-parachute clauses and on the parameters used to calculate senior management's remuneration.

State whether the Board meeting has reserved the right to approve the following decisions:

	Yes	No
Upon request by the Company's chief executive officer, the appointment and termination of the senior managers as well as the compensation clauses.	+

B.1.16 State whether the Board of Directors puts to vote at the Annual General Meeting, as a separate item in the agenda, and for consultation purposes, a report on the directors' remuneration policy. If applicable, explain the aspects of the report regarding the remuneration policy approved by the Board of Directors for future years, the most significant changes of these policies to that applied during the year and a global summary of how the remuneration policy was applied during the year. Detail the role played by the Remuneration Committee and whether external consultancy services have been used and, in that event, the identity of the external consultants:

The Report also contains information on the remuneration system which shall determine the directors' remuneration in 2010 and data corresponding to 2007 and 2008.

This year, for the first time, the Report includes information on the remuneration policy, the structure and number of senior executives at Telecinco and the main Group companies.

The Report is made available to the shareholders on the date the General Shareholders' Meeting is convened and is presented at the General Meeting.

B.1.18 State whether there has been any modification to the Regulations of the Board of Directors during the year:

NO

B.1.19 Describe the procedures for appointing, re-electing, evaluating and dismissing directors. Mention the responsible governing bodies, the procedure to be followed and the criteria to be used in each case.

In the procedures for appointing, re-electing, evaluating and removing directors established in the Bylaws, the Regulations of the Board of Directors and the Rules of the Appointments and Remuneration Committee, the competent bodies are:

- The Annual General Meeting.
- The Board of Directors.
- The Appointments and Remuneration Committee.

Appointment and re-election:

- A director need not be a shareholder of Telecinco.
- Directors, including independent directors, are appointed for a maximum term of 12 years. The Chairman of the Audit Committee and of the Appointments and Remuneration Committee may hold office for a maximum of four (4) years.
- The number of board members is determined at the Annual General Meeting and currently stands at 15.
- The following may not be appointed directors: (i) companies, either foreign or domestic, in the audiovisual sector competing with the Company and their administrators or senior managers, except where such companies are part of the same group to which Telecinco belongs, (ii) any person falling under any other incompatibility or prohibition regulated under general provisions.
- The appointment and termination of the Secretary and Vice-secretary shall be informed by the Appointments and Remuneration Committee and approved by the Board of Directors.

This procedure was followed this year to appoint the former Secretary (non-board member) as a member of the Board of Directors..

- The inclusion of new directors in a category must be preceded by the corresponding report from the Appointments and Remuneration Committee. The new director must be included in one of the categories contemplated in the Bylaws and the Regulations of the Board of Directors.

In 2009 the category of Mr. Alejandro Echevarría Busquet was reviewed after Vocento S.A. sold its entire shareholding in Telecinco, as explained in B.1.2.

- The Appointments and Remuneration Committee is required to ensure that the selection procedures for filling new vacancies do not result in an obstacle for the selection of female directors.

Accordingly, the Committee proposed that Ms. Helena Revoredo Delvecchio be named a director as she met the established requirements on equal terms.

The procedure for the appointment, selection, re-election and removal of Telecinco's directors is initiated in the Appointments and Remuneration Committee.

Article 5 of the Regulations establishes the obligation by the Appointments and Remuneration Committee to:

- Protect the integrity of the selection process for directors and senior executives, defining the profile (knowledge, experience and skills) of the candidates and in particular, making proposals to the Board with regard to the appointment and removal of Directors, either by co-optation, at the proposal of the Board to the Annual General Meeting, and proposing to the Board which members should belong to each of the Committees. In the case of independent directors, the appointment shall be made upon proposal by the Committee.
- Advise the Board of Directors on the succession of the Chairman and Chief Executives of the company, formulating the suggestions it deems pertinent.
- Inform the Board of Directors of the appointment and termination of Telecinco's senior managers.
- Inform the Board of Directors of matters of gender diversity, assuring that new selection procedures initiated upon the event of new vacancies do not hinder the selection of female directors. The Committee shall furthermore motivate the company to search for and include in the list of candidates women who meet the professional profile sought.
- Advise the Board of Directors on the removal and propose the appointment of the Secretary and, if applicable, the Vice Secretary.

Once the report is prepared, the Appointments and Remuneration Committee submits its proposals to the Board of Directors. As such, proposed appointments of directors submitted to the Annual General Meeting by the Board of Directors and decisions adopted by the Board with regard to appointment, by virtue of its powers of co-optation, shall be preceded by the corresponding report from the Appointments and Remuneration Committee. The report shall assign the new director to one of the categories contemplated in the Regulations of the Board of Directors. In the event the Board decides not to follow the recommendations of the Appointments and Remuneration Committee, it shall state its reasons for this decision, leaving them recorded in the minutes.

In this regard, the Board of Directors and the Appointments and Remuneration Committee, to the extent of its competencies, shall ensure that candidates proposed to the Annual General Meeting are individuals of recognized solvency, competence and experience, especially in the case of independent directors. Likewise any members appointed directly to cover vacancies when exercising co-optation powers. In any event, a description of the professional experience of the candidates is required, emphasizing the circumstances that justify their appointment as independent.

The Board of Directors shall assure that outside or non-executive directors represent a majority over executive directors, and further that the Board includes a reasonable number of independent directors. The Board shall likewise assure that the majority group of outside directors includes independent directors and proprietary directors.

The final decision to appoint and remove directors rests with the Annual General Meeting, ensuring appointment by the proportional system described in the Limited Companies Act, at the proposal of the Board of Directors and subject to a report and advice from the Appointments and Remuneration Committee. Telecinco's Bylaws do not envisage qualified majorities that

Termination of directors:

In addition to cases set by law, directors shall tender their resignation to the Board of Directors in the cases listed in section B.1.20 below of this report.

In this case, the competent bodies and procedures are similar: removal begins with the Appointments and Remuneration Committee, then the Board of Directors steps in and finally the matter is taken to the Annual General Meeting.

Proposals to remove independent directors before their tenure expires may only be made when the directors fail to meet the requirements of the Unified Code to act as such. When this occurs their office should be terminated.

Where directors are removed before their tenure expires, Telecinco shall publicly state the reasons for the removal.

Evaluation of directors:

The Appointments and Remuneration Committee initiates and coordinates the evaluation of directors; hence all pertinent requests and comments should be directed to the Committee (article 5 of the Rules of the Appointments and Remuneration Committee).

B.1.20 Mention the circumstances in which directors are required to resign.

According to the rule established in article 14 of the Board of Directors' regulations, directors must leave office when the General Shareholders' Meeting so decides, when they notify the Company of their decision to step down or resign and when they have served the term for which they were appointed, as set out in article 13. Directors shall tender their resignation to the Board of Directors and the Board shall accept their resignation if deemed appropriate in the following situations:

(a)When they reach 70 years of age. Their removal as director and resignation from their position shall occur during the first meeting of the Board of Directors held after the Annual General Meeting which approves the financial records for the financial year in which the director reaches said age;

(b)When they have been removed from the executive positions associated with his appointment as director;

(c)When they are affected by any of the applicable conflicts of interest or prohibitions

(d)When the Appointments and Remuneration Committee issues a serious warning for infringing their obligations as directors;

(e)When remaining on the Board may endanger the interests of Telecinco or when the reasons for which he was appointed (for example when a proprietary director disposes of his shareholding in the company disappear);

(f) Where the shareholder represented by them wholly sells or reduces its shareholding in Telecinco below the relevant threshold; in this case, the number of resignations shall be proportional to the reduction in the shareholding;

The Board of Directors may propose the termination of any independent director before expiration of the term of office established under the Articles of Association only where there exists reasonable cause; reasonable cause shall be deemed to exist where a director fails to comply with the duties inherent to its position or falls under any of the grounds contemplated in the Regulations which prevent it from being appointed independent director.

B.1.21 Explain whether the chairman of the board also performs the duties of chief executive officer. If so, mention the measures taken to limit the risk of accumulation of power in a single person:

NO

State and, where applicable, explain whether regulations have been established to allow one of the independent directors to call a Board of Directors' meeting or include new items in the agenda, to coordinate and get involved in the concerns of the outside directors and to direct the evaluation by the Board of Directors.

YES

Explanation of regulations
<p>Article 24 of the Board of Directors' Regulations provides that not only independent directors but any of the members of the Board of Directors may call for a meeting or include new items in the Agenda. The Chairman is required to call a board meeting when so requested by at least three directors.</p> <p>Petitions shall be made in writing, electronically or by fax, and shall be addressed to the Secretary and the Chairman of the Board of Directors. The reasons for the petition shall be filed accompanied by a brief explanation. Immediately afterwards, notice shall be given to the remaining directors and a date for the meeting shall be set.</p> <p>In 2009, no director exercised this right.</p> <p>With respect to the process for the evaluation of the directors, including the obligation in Article 23 of the Regulations, as amended, is commenced and coordinated from the Appointments and Remuneration Committee, to which any relevant petition and comment shall be made (Article 5 of the Appointments and Remuneration Committee's Regulations).</p>

B.1.22 Is there any type of decision for which a special majority is required, other than those foreseen by law?

Describe how resolutions are approved by the Board of Directors, mentioning at least the quorum required to hold the meeting and the type of majority required for approving resolutions:

Approving resolutions		
Type of resolution	Quorum	Type of majority

B.1.26 Mention whether the articles of association or the regulations of the Board provide for any limit on the term in office of independent directors

YES

Maximum number of years in office	12 years
-----------------------------------	----------

B.1.27 Should the number of female directors be scarce or null, explain the reasons and initiatives adopted to correct this situation.

Explanation of reasons and initiatives
As explained in our 2008 Report, approval was sought at the General Shareholders' Meeting held on April 1, 2009 to appoint a female director to cover a vacancy. The agreement was adopted with 99.514% of the votes in favor and 0.415% against. There were 0.017% abstentions recorded and 16,546 blank votes, representing 0.000% of the share capital. As a result of this appointment women represent 6.666% of all the directors on the board and 20% of external and independent directors.

Particularly, state whether the Appointments and Remuneration Committee has established procedures so that the selection processes lack implied slants hindering the selection of female directors and deliberately search for female candidates meeting the profile sought:

YES

State main procedures
In accordance with Article 5 of the Rules of the Appointments and Remuneration Committee, this committee must: (i) inform the Board of Directors about questions relating to gender diversity; (ii) ensure that the selection procedures for filling new vacancies do not result an obstacle for the selection of

(iii)	female directors; encourage Telecinco to search for and include women in the list of candidates meeting the required professional profile.
-------	---

B.1.28 State whether there are any formal procedures for granting proxies for voting in the Board of Directors. If so, briefly describe them.

The Regulations of the Board of Directors provide that the directors shall do their best to attend board meetings personally. If they cannot attend, they may grant proxies only to other directors. The proxies must be in writing and specifically for each meeting. A director may hold proxies for several other directors at the same time.

B.1.29 Mention the number of meetings held during the year by the Board of Directors. Also indicate, if relevant, the times that the Board has met without the presence of the Chairman:

Number of meetings of the Appointments Committee	0
Number of meetings of the Remuneration Committee	0

B.1.30 State the number of meetings held by the Board of Directors during the year without all its members being present. For the purposes of calculation, any proxy which fails to meet specific instructions shall be considered as nonattendance:

Number of times directors have not attended during the year	6
---	---

% of non-attendance out of total votes during the year	6.666%
--	--------

B.1.31 State whether the individual and consolidated financial statements are certified prior to being submitted for approval by the Board:

NO

Mention the person or persons who have certified the individual and consolidated financial statements of the Company prior to being submitted for approval by the Board:

Name	Position
-	-

B.1.32 Describe any procedures instituted by the Board of Directors to prevent an audit report with qualifications from being submitted to the Annual General Meeting concerning the individual and consolidated accounts.

To the current date, Telecinco's Financial statements, both individual and consolidated, have never been presented with qualifications. In any event, there are mechanisms to prevent this from happening.

The individual and consolidated financial statements, as well as the financial statements, breakdowns and additional information are prepared by the Financial Division of the Company and are examined by the Audit and Compliance Committee to ensure compliance with the statutory requirements and that the accounting principles applying in Spain as well as International Financial Reporting Standards (IFRS) are applied correctly.

As indicated in this Report, the Audit and Compliance Committee has met on five occasions in 2009, at least once a quarter. The first meeting is held to coincide with the preparation of the financial statements for the year and the second with the half-yearly financial statements which are presented to the CNMV (Spanish Securities Exchange Commission).

Prior to the aforementioned Committee meetings, preparatory meetings are arranged with Telecinco's external auditor, Ernst & Young, to obtain information regarding their review, scope, incidents, etc. The General Manager, Secretary General, Finance Director, Director of Consolidation, Reporting and Investees, and the Director of Internal Audit all attend the meetings together with the two independent directors: Mr. Alvarez-Rendueles and Mr. Prado. In 2009, two of these preparatory meetings were held.

The Regulations of the Audit and Compliance Committee in article 5.1.b) includes the following among its functions. To: "Act as a communications channel between the Board of Directors and the Auditor, evaluate the results of each audit and response of the Telecinco management staff to its recommendations, and mediate and act as arbiter in the event of discrepancies between Telecinco management and the auditor with regard to the principles and criteria applicable in preparing the financial statements. It shall see that the accounts prepared by the Board of Directors are not subject to any qualifications by the auditor."

Besides, the Committee acts as a channel of communication between the Board of Directors and the Auditors, evaluating the results of each audit and the management response to their recommendations, as well as mediating as an arbitrator, if necessary, when there is any disagreement between management and auditors on the criteria applying to the financial statements. In 2009 there were no differences between the management and the auditor.

The increased number of independent directors on the Audit and Compliance Committee was stated in the 2008 Report. In 2009, after the Secretary, who was not a board member, was appointed CEO of Telecinco, the Board of Directors unanimously agreed to replace him in the Secretary's position with a non-board member.

B.1.33 Does the Secretary of the Board have the status of director?

YES

B.1.34 Explain the procedures for the appointment and termination of the Secretary of the Board, stating whether its appointment and termination have been informed by the Appointments Committee and approved by the meeting of the Board.

Appointment and termination procedure
<p>Notwithstanding the above, article 18 of the Regulations of the Board of Directors states that the appointment to and termination of the Secretary shall be informed by the Appointments and Remuneration Committee.</p> <p>In 2009, after the Appointments and Remuneration Committee's favorable report, the appointment of the former Secretary (as such not a member of the board) as a new board member was submitted to the General Shareholders' Meeting to obtain their approval. The proposal was approved by 99.459% of the votes and 0.468% voted against it. The abstentions accounted for 0.073% of the votes and 16,696 shareholders, representing 0.000% of the share capital, issued blank votes.</p>

B.135 Describe any procedures implemented by the Company to protect the independence of the auditors, financial analysts, investment bankers and rating agencies.

The independence of Telecinco and its Group's auditor is guaranteed by means of the control and follow-up conducted by the Audit and Compliance Committee and ultimately by the Board of Directors.

According to the Audit and Compliance Committee's Regulations, one of the functions of the Committee is that of being in charge of any matters related to the Group's external auditor. Apart from proposing to the Board of Directors the auditor's appointment, hiring conditions, duration of professional activities and termination or non-renewal of its appointment.

The Committee is also the communications channel between the auditor and Telecinco. If necessary, it shall be in charge of receiving information on issues which may endanger its independence, though this has not occurred to date.

The Committee is also in charge of authorizing any contracts between the auditor and Telecinco outside the scope of accounts auditing and shall not propose the appointment of any auditing firm when fees payable by Telecinco to the auditor exceed 5% of its total revenues for the previous fiscal year.

Investment bankers, financial analysts and rating agencies.

Publication of results

The company publishes its results quarterly. The publication consists of a detailed release with key

highlights and events for the period, along with a graphic presentation of the company's main activities and areas of interest. First, the release in Spanish is filed with the Spanish National Securities Market Commission (CNMV) for subsequent distribution via its website. Then, when the release is posted on the CNMV's website, the company posts the same information, both in Spanish and English, on its own website ([www.inversores.telecinco.es](http://www.inversores.telecinco.es)) in the Investor Relations section, where it is kept indefinitely. Additionally, and in parallel to publication on Telecinco's website, the presentations in Spanish and English are e-mailed to those shareholders, institutional investors and analysts who request it.

After publication, results are usually presented through a conference call and webcast so that shareholders, institutional investors, and analysts so requiring may have precise information on the activities and results, as well as the opportunity to pose questions to the Company's management team for it to clarify doubts not explained during the presentations. This conference call shall be recorded and published on the Company's website in the investor relations section for a term of three months following the event.

B.1.41 State whether there is any procedure for directors to receive external advice and, if so, describe it:

YES

Explanation of the procedure
------------------------------

The Board of Directors' Regulations (art. 30) and the Audit and Compliance Committee's Regulations (art. 6) establish the mechanisms for any director to call for external audit services.

Thus, the director willing to be assisted in the exercise of its functions may request the hire of legal, accounting, technical, financial, commercial or any other kind of consultancy service at Telecinco's cost.

The assistance requested shall only deal with specific problems of a given relevance and complexity.

The mechanism set for this started upon an application by the director filed through the Board of Directors' Chairman or Secretary. This request may only be rejected on reasonable grounds, including:

(a) If the request for and assistance from experts are not necessary for the proper performance of duties entrusted to directors.

(b) If the associated cost of expert assistance is unreasonable considering the importance of the problem and Telecinco's financial situation.

(c) If the technical assistance which could be offered can be adequately provided by experts and specialists within Telecinco.

(d) If for reasons of confidentiality it is not advisable that the expert in question have access to sensitive information.

B.1.42 State whether there is any procedure for directors to receive the information they need to prepare for meetings of the Board and its committees in good time:

YES

Explanation of the procedure
<p>During the second half of the year, the Secretary sends a calendar to directors along with a list of the issues to be addressed at the Board of Directors and Board Committee meetings held the following year. The directors then initiate the procedure described in articles 16 and 29 of the Regulations of the Board of Directors. In addition, the Secretary sends the agenda with the items to the directors by e-mail.</p> <p>The procedure, now guaranteed by the direct oversight of the Chairman, begins with the meeting notice itself: Article 24 establishes that the notice will always include the agenda for the meeting with the relevant information attached, duly prepared and summarized. The notice and relevant information will be sent at least five (5) days prior to the date of the meeting. In discharging his duties, the Chairman shall coordinate with the Secretary the preparation and dispatch of the agenda to all directors.</p> <p>Article 29 further amplifies the directors' right to receive not just information referring to the agenda of the meeting of the board, but any aspect of Telecinco, including examining its books, records, documents and other background to corporate operations. The possibility of inspecting the facilities, as well as communicating with Telecinco's management at any time is also included.</p> <p>The mechanism to exercise the said powers shall be channelled through the chairman, the chief executive officer, or the Secretary to the Board of Directors,</p>

who shall satisfy the requests by directly providing the information, offering the appropriate interlocutors at the organizational level or arbitrating the measures, so that the desired examination and inspection can be performed in situ.

The procedures intended to guarantee that the directors receive information on a timely manner are clearly established in the Regulations, but, apart from these mechanisms, the directors' general obligations include that of being aware of Telecinco's performance and adequately prepare the Board of Directors' meetings and the meetings of the committees in which they participate.

In 2009, independent directors of the Audit and Compliance Committee held four preparatory meetings with company managers to analyze the issues to be debated at the Committee meetings. Telecinco's external auditor also attended two of these meetings.

The independent directors on the Appointments and Remuneration Committee have likewise held four preparatory meetings with the General Secretary and the Company's Director of Internal Audit.

B.1.43 State and, if applicable, detail whether the Company has established rules forcing its directors to inform of and, if applicable, resign upon, events which may adversely affect the Company's credit and reputation:

YES

Explanation of the rules
Among the causes for termination, article 14 of the Regulations of the Board of Directors states that directors shall submit their resignation when their permanence on the Board may threaten the interests of Telecinco or adversely affect its credibility and reputation.
Regarding the question of this section, we would highlight that while it does not constitute grounds for termination, the general obligations of directors include informing of any lawsuits in which they are involved and their developments (article 31 of the Regulations of the Board of Directors) due to the potential implications for the Company and its shareholders.

B.1.44 State whether any member of the Board of Directors has advised the Company of legal action or the commencement of oral proceedings against him/her for any of the crimes mentioned in Section 124 of the Limited Companies Act:

NO

State whether the Board of Directors analyzed the case. If yes, explain in a reasonable manner the decision made on whether it is convenient or not for the director to remaining office.

NO

## D RISK CONTROL SYSTEMS

D.1 General description of the risk policy of the company and/or its group, detailing and evaluating the risks covered by the system, and showing that the systems are well-suited to the profile of each type of risk.

In 2007, the Telecinco Group implemented a Corporate Risk Management System based on the Enterprise Risk Management (ERM) framework of the Committee of Sponsoring Organizations of the Treadway Commission (COSO II).

*In general, the primary aim of the Telecinco Group's Corporate Risk Management System is to control and manage risks in order to ensure the maximum guarantees and safety to our shareholders, regulators (e.g. the CNMV, CMT), other stakeholders and the financial markets in general, as well as to create value for the company by adequately managing risks and tapping opportunities that arise.*

As part of this process, the Integral Corporate Risk Management Policy was developed and implemented. This policy provides the framework for action in which the Telecinco Group's Integral Corporate Risk Management Model is carried out.

*This policy provides the action framework on which the Integral Corporate Risk Model (ERM) is developed and is based on compliance with the following principles within the COSO II framework:*

- Oversee the effectiveness and efficiency of its operations.
- Safeguard the assets owned by the Group.
- Guarantee the reliability and integrated of financial reporting.
- Comply with applicable laws, regulations and contracts.

As part of the Integral Risk Management Policies, Telecinco Group has set the following principles:

- Establish the degree of risk accepted by the management in line with Telecinco Group's objectives.
- Strictly identify potential responses to risks and selection there of.
- Increase the capacity to identify potential events, evaluate risks and establish responses there to.
- Identify and manage the risks in all companies in the Group, profiting from any opportunity which may arise.

*In general, the primary aim of the Gestevisión Telecinco's Corporate Risk Management System is to control and manage risks in order to ensure maximum guarantee and safety to its shareholders, regulators (e.g. the CNMV, CMT), the administrative and management bodies, other interested parties and the financial markets in general, as well as to create value for the company by adequately managing risks and tapping opportunities that arise.*

The Integral Risk Management System allows us to measure the relevance, in euros, of each of the risks identified and that could potential affect Group companies, the probability that this risk will occur and the degree of control over the risk.

In 2009, Telecinco has updated its risk map. The risk map enables the Company to identify risks that require specific monitoring and control, classifying these according to their importance. These risks are classified and managed internally or transferred to a third party.

The review and updating of the risk map was led by the Internal Audit Department and the main objectives of these actions are those indicated below:

- 1 To identify the risks affecting Telecinco in 2009 through interviews with Senior Management. In total 26 interviews were carried out.
- 2 To assess Telecinco's risk level, in light of the main risks faced by the Company in the strategy, operations, reporting and compliance areas.
- 3 To perform a review of the current situation as regards Telecinco's Risk Management and its level of integration according to the COSO II methodology.
- 4 To update the Risk Management IT tool (ERMT5).
5. To present the results to management and the Audit and Compliance Committee.

Based on the Corporate Risk Management System, the types of risks identified and managed in Telecinco Group can be classified into the following categories:

- Strategic risks: Directly related to high-level objectives, in line with and supporting the company's mission.
- Operating risks: Related to the effective and efficient use of resources of companies in the Group.

- Reporting risks: Related to the reliability and integrity of the internal and external reporting, whether financial or not, prepared and provided by the Company to its stakeholders.
- Compliance risks: Related to compliance by the Group's companies with any applicable laws or regulations.

Based on the ERM system, all the risks identified and analyzed are distributed by type as follows: .□

- Strategic risk: 56% .
- Operating risk: 25% .
- Compliance risks: 13%
- Reporting Risk: 6%

The review and updating of the risk map has identified the Company's risk appetite. This is established by the risk level that Telecinco is prepared to assume at any given time to achieve its objectives in each of the four areas (Strategy, Operations, Reporting and Compliance). The following were taken into account by the Internal Audit Department when estimating the risk level accepted by Telecinco: . the Company's risk culture; . the Group's objectives; . the strategy defined by Senior Management

With this aim, risks previously assessed have been classified according to the risk appetite in each area. Classifying these as:

- . Comfort zone: Acceptable risk.
- . Care zone: Risks which require a certain amount of monitoring.
- . Maximum care zone: Risks where the exposure assumed is above an acceptable level.

Of all the risks identified at Telecinco, 15% fall within the care zone and 36% in the maximum care zone.

The most important conclusions from the risk analyses performed are as follows:

Telecinco increased its accepted risk level compared to 2007 due to the current global crisis and the excessive political intervention in the audiovisual sector.

Strategic risks: In the strategic area, legal and legislative uncertainty has led the Company to assume greater risks than those assumed a few years ago. This is an external factor for Telecinco which is difficult to manage, other than maintaining satisfactory relations with the various public administrations and institutions for the defense of the Group's interests in respect of various interest groups.

Furthermore from a strategic standpoint, international investments represent an additional risk to Telecinco's interests.

The analogical blackout has likewise led to an increase in the risk accepted and the need to define new production and programming strategies integrated with those of Publiespaña and content producers to rise to the DTT challenge.

Operational risks: From an operational standpoint the risk level has increased and is concentrated in internal matters, particularly operating the internet business.

Reporting risks: No unacceptable risks were identified In the Reporting area.

Compliance risks: In the Compliance area the risk accepted has been kept at the 2007 level. However, legislative and regulatory changes will require greater effort from Telecinco to keep identified risks within its defined comfort zone.

With respect to Telecinco Group management bodies, the Board of Directors has the responsibility of identification of the principal Group risks as well as the development and follow-up of the appropriateness of the information systems and internal control.

Furthermore, the Audit and Compliance Committee is responsible for the understanding and verification of the appropriateness and completeness of the financial information and internal control systems.

The Internal Audit Commission meets with the Telecinco auditors prior to the preparation of the year-end or half-year financial statements, with the following in attendance: the General and Transaction Manager, the Chief Financial Officer, the Secretary General, the Board Secretary, and the Internal Audit Director.

Telecinco Group encourages and supports risks management from Internal Audit. Annually, the Audit Plan is prepared and filed with the Board of Directors and the Audit and Compliance Committee for their approval.

In 2009, four meetings of the Audit and Compliance Committee were held, prior to the filing of the reporting of financial information of Telecinco Group to the market and the Regulator.

The Internal Audit department is responsible for evaluating, controlling and conducting a follow-up of the business risks identified and managed by each of the different areas and departments of the Telecinco Group companies. With this purpose, it uses an ad hoc computer tool (ERM T5) providing a dynamic view of the risks affecting the companies in the Group.

During 2009, following instructions from Mediaset, main shareholder of the company and in compliance with Law 262/05 on savings protection, the group set in motion a project to identify the most significant processes related to financial reporting. The mentioned project, divided into different stages, principally consist on the following activities:

- Identification and documentation of processes related to financial reporting at Telecinco Group companies
- Identification and documentation of risks inherent in the processes related to financial reporting and the control mechanisms in place

- Assessment of the degree of effective application of the financial reporting processes via tests to ensure the correct operation of the controls applied in the financial reporting processes

The Internal Audit Department presented the 2009 Audit Plan and the project for adaptation of the Telecinco Group to Law 262 on savings protection to the Internal Control Committee and the Mediaset Group's audit committee.

At the request of the Secretary General and the Secretary to the Board of Gestevisión Telecinco S.A., during the first half of 2009 the Internal Audit Director supervised an analysis of the degree to which its "Capital Markets Code of Conduct" is implemented with regards to the securities market (RIC). The Board of Directors of Gestevisión Telecinco S.A. approved these regulations on March 17, 2004, and modified them on December 19, 2007. This analysis included a comparison of the "Internal Code of Conduct of Gestevisión Telecinco, S.A. and its Group of Companies regarding Stock Market Activities" approved in 2007. The objective of the amendment is to adapt the text to prevailing best practices, as well as to the recommendations of the CNMV's "Guide on the Transmission of Privileged Information to third parties" (March 9, 2009). This guide is designed to ensure the confidentiality of information, and to avoid its possible filtration and misuse. These measures and recommendations are intended for observance by those individuals providing and receiving the abovementioned information.

Lastly, the RIC includes procedures and the manner in which relevant information is to be communicated, as stated in Ministerial Order EHA/1421/200, dated June 1, to comply with the stipulations of Article 2 of Law 24/1988, dated July 28, of Securities Market Law. Also included were the provisions included in Circular 4/2009, dated November 4, regarding the communication of relevant information.

To support the audit of the 2009 financial statements of the Telecinco Group, during the second half of 2009, the Internal Audit Director and a team of audit specialists reviewed the IT control and security systems related to financial processes, as well as the computer programs used. To ensure the integrity, confidentiality, and availability of information supporting critical business processes, the review evaluated the controls in place to access information, make changes in programs and operations (such as obtaining backups etc.), regarding IT systems, programs, data, individuals and installations involving Telecinco.

As part of the "Corporate Security Policies" established in 2008, during the first quarter of 2009, the Internal Audit Director developed and implemented procedures designed to protect security as well as personal information.

During the final quarter of 2009, the Internal Audit Director supervised an internal audit, in accordance with Title VIII of development regulations of Organic Law 15/1999, dated December 13, designed to protect personal data (RD 1720/2007, hereinafter RLOPD). Its purpose was to evaluate the degree of compliance with the provisions included in these regulations, as well as instructions and criteria established by the Spanish Data Protection Agency (AEPD), regarding IT systems and installations in the Telecinco Group subsidiaries.

During 2009, the Internal Audit Director also collaborated with the Madrid chapter of the Systems Audit and Control Association (ISACA) to develop and publish its "IT Systems Audit Framework." This is a reference manual used in the audit of IT systems, and includes the policies, norms, and methodology which assist in technological and IT control, and above all, good corporate governance.

As stated above, the Telecinco Group's risk management model is based on the Enterprise Risk Management (ERM) of the Committee of Sponsoring Organizations of the Treadway Commission (COSO II). The main objective areas of which are as follows:

1. Efficiency and effectiveness of its operations
2. Safeguard of assets
3. Reliability of financial information

#### 4. Compliance with applicable laws and regulations

In addition, apart from the controls established for each of the operating processes, the Telecinco Group is equipped with the following mechanisms:

- The Internal Audit department, supervising all the activities conducted by the Telecinco Group and developing its functions pursuant to the best practices and professional criteria and standards set forth by the Internal Auditors Institute. The internal audit is an independent and objective safeguard and consulting activity that adds value to the Group's operations. It also helps the Telecinco Group meet its targets through a systematic and disciplined approach to measuring and enhancing the efficiency of the risk management, control and corporate governance procedures.
- Companies in the Telecinco Group, based on the separation of functions and responsibilities assigned and supervision and authorization levels. The internal procedures developed support the Organization to define and design the control related to the risks in different value added activities.
- The Financial Statements of significantly important companies in the Group are subject to review by an external auditing firm.
- As regards Information Technology management, the Internal Audit Department supervises and coordinates the activities related to the security of IT systems and the initiatives for improvement.
- The Internal Audit Department oversees and coordinates personal data protection-related activities and carries out the legal audits established in article 17 of the Regulations on Security Measures (RD 994/1999) related to Law 15/9999 on Personal Data Protection dated 13th December (LOPD).
- In compliance with Italian law 262 on the protection of savings, the Internal Audit Department performs an evaluation every six months to ensure that the financial reporting procedures are being applied.
- Furthermore, Telecinco continues conducting controls relating to the budget management, expenses, compliance with objectives and performance through the Control Units under the charge of the Management and Operations General Office.
- The Acquisitions and Sales Committee supervises purchase and sale transactions on goods and services whose amount exceeds (€) 20,000.

The Occupational Risk Prevention Plan was drawn up to lay down the general guidelines which, via appropriate annual prevention planning, would guarantee the health and safety of workers in all work-related areas. Therefore, it establishes the actions and general foundations for integration preventive activities at all levels of Telecinco Group companies and the general guidelines that allow any measure necessary to be adopted.

The implementation and application of the Telecinco Group's Occupational Risk Prevention Plan include:

- The organization's structure.
- Its responsibilities.
- The functions, practices, procedures, and processes.
- Needle resources.

To develop the Plan, on April 29, 2002 the task forces set up a Joint Prevention Service to advise and assist the company, its workers, and their representatives. The definition of this organizational scheme does not mean the Company no longer needs integrated management for the rest of its processes and activities.

The guidelines laid down in the Prevention Plan will affect the work carried out by employees on staff at each company in the community, those from temporary agencies and workers assigned to companies that perform work or render services, contracted or subcontracted, with whom the workplace is shared or those for which a project is carried out or a service provided.

The Prevention Plan is designed after gathering data from the start of the preventive action at the Group companies, which is when the companies are set up or added to the community, including the existing knowledge of each of their businesses, the number of employees, work centers, claims indices, etc.

The general targets pursued by the companies in the GT (task force), in accordance with the Prevention Policy described above, are as follows:

- Comply with the main principles indicated in the GT's prevention policy
- Ensure compliance with applicable rules and regulations

Main bodies:

The Occupational Risk Management Committee

Led by the Director of Human Resources and Services, this committee is in charge of coordinating the development of the risk management policy and strategy and will be composed of individuals with greater responsibility in the area of prevention.

The Corporate Health and Safety Committee

Comprising workers' representatives with risk prevention qualifications and an equal number of representatives of the GT, this committee has the powers and competences indicated in the article 39 of the Occupational Risk Prevention Law and, inter alia, the following:

- Participate in the design, rollout and evaluation of prevention plans and programs
- Debate projects related to planning, work organization or the introduction of new technologies, among others
- Spearhead initiatives regarding methods and procedures for effective risk prevention
- Visit the various installations to know the real situation of risk prevention and consult any necessary documents and reports on working conditions

Prevention activity is planned annually.

Its provisions are applicable to all departments accessing confidential information. More information is available in Section G.

#### E ANNUAL GENERAL MEETING

E.1 State and, if applicable, detail whether there are any differences from the regulations on the minimum provided for by the Limited Companies Act regarding the quorum necessary to hold the Annual General Meeting.

YES

	% of quorum different from that established in Section 102 of the Limited Companies Act for general cases	% of quorum different from that established in Section 103 of the Limited Companies Act for special cases under Section 103
Quorum required on 1st call	50%	0%
Quorum required on 2nd call	0%	0%

Description of differences
----------------------------

The only difference between the provisions of Sections 102 and 103 of the Limited Companies Act and the Articles of Association is the need for present shareholders or shareholders represented by a proxy to hold at least 50% of the share capital entitled to vote, instead of holding the 25% required under the law, for the Annual General Meeting to be validly held on the first call. The percentages required by the Articles of Association for a validly held meeting on a second call coincide with those set forth in the Limited Companies Act.

The quorum at the Shareholders' 2009 General Meeting was 61.765% of share capital present, and 12.889% in representation.

The quorum required on the first and second call for the Annual General Meeting to validly agree on the issuance of obligations, a capital increase or reduction, transformation, merger or spin off the Company and, in general, any modification to the Articles of Association (Section 103 of the Limited Companies Act) coincides with that established in Article 25 of the Articles of Association.

E.2 State and, if applicable, detail whether there exist differences from the provisions set forth in the Limited Companies Act for the adoption of company's agreements:

NO

Describe any differences from the provisions set forth in the Spanish Corporations Law.

E.3 Mention any rights of shareholders concerning the Annual General Meeting which are different from those foreseen in the Limited Companies Act.

As mentioned in previous reports, the rights of Telecinco's shareholders stated in its bylaws and the Board of Directors' regulations have a wider scope than those regulated by Spanish Corporation Law. This year has been more transparent, as reflected in the inclusion in this section of data and percentages indicating our shareholders' performance and trends.

Responses to the interventions shall be provided by the members of the Board of Directors, the Secretary, or any director expert in the matter.

In the event that it is not possible to reply to shareholders immediately, directors shall provide the information requested in writing within 7 (seven) days following the conclusion of the meeting.

At the General Meeting in 2009, four questions were posed to the CEOs which none of the shareholders wanted recorded in the minutes.

During 2008, three questions were posed to the CEOs, which the shareholders preferred not be reflected in the minutes. In 2007, the minutes reflected two questions as well as a reply.

#### Right to attend

There are no restrictions: shareholders holding at least one share and whose shareholding is registered in the accounting record at least five (5) days in advance of the date for the Meeting shall be entitled to attend.

The right of share pooling to be entitled to attend is then eliminated.

The managers, technicians, and other individuals with an interest in the correct advance of corporate matters shall also attend the Annual General Meeting. In no case shall the failure of any of these individuals to attend affect the valid constitution of the Annual General Meeting. Access shall also be facilitated to the economic press and analysts.

#### Right to representation

Representation of the shareholders in the Annual General Meeting is regulated in Article 27 of the Articles of Association and 10 of the Regulations.

Since 2006, shareholders who cannot attend and wish to be represented by another person are allowed to proxy their vote through remote communications means, either by post or by e-mail.

Proxies in favor of third parties, not necessarily shareholders, may be granted as follows:

(i) By notarized document containing the agenda, the request for instructions to exercise the right to vote, and indicating the vote to be cast by the representative. In the event no precise instructions are given, then this shall be subject to law.

In the event that instructions cannot be given as the matters are not included in the agenda, the representative shall vote in the way he deems most appropriate in accordance with the interests of the company and client.

The requirements to be fulfilled, if representation is granted to a third-party, shall not apply when the representative is a spouse, defendant, or ascendant; or when the representation was granted in a notarized document with a general power of attorney for broad powers to administer the property of the party represented.

(ii) By remote communications means: mail or e-mail.

By mail:

-Shareholders wishing to proxy their vote shall complete the attendance and proxy card sent by Telecinco to their domicile.

Powers of representation may be granted to the Chairman of the Board of Directors or to a third party. In both cases, any proxy not expressly stating the name of the shareholder to whom the vote is proxied shall be understood as conferred to the Chairman of the Board of Directors.

If the representative incurs in a conflict of interest with regard to the vote on any of the proposals submitted to the meeting either as part of or outside of the agenda, then the representation will be understood as granted to the Secretary of the Board of Directors.

In the event there is a vote on matters not listed in the agenda sent with the notice, then the proxy will also be understood to extend to these matters unless the shareholder proxying his vote states otherwise by marking the corresponding cell. In this case, the representative to shall vote in the form he deems the most convenient.

Once he has granted his representation as stated above, the attendance and proxy card shall be sent to the General Secretary of Telecinco either by mail, using the stamped prepaid envelope attached and personally delivered to shareholders, or delivered to the corporate offices.

In order to be considered valid, the proxy shall be received at least twenty four (24) hours prior to the day preceding the date scheduled for the meeting in the first notice.

By remote communications means:

-A section of the corporate website will be prepared so that shareholders who have identified themselves by certified electronic signature can delegate their representation.

In either case, personal attendance of the shareholder will revoke the representation.

At the 2009 General Meeting, a total of 3,678 shareholders representing 31,789,041 shares (12.889% of share capital) exercised their right to vote by proxy, 24 (1,304,783 shares representing 0.529% of share capital) in person, 3,649 (30,484,258 shares representing 12.359% of share capital) by mail and 5 (989 shares representing 0.000% of share capital) by electronic means. Of the proxies, 853 shares were granted in favor of the CEO, 30,474,953 in favor the Chairman of the Board of Directors and 8,452 in favor of the Secretary of the Board of Directors.

At the 2008 General Meeting, 2,075 shareholders exercised their right to vote by proxy and 8 by electronic means, representing a total of 31,249,397 shares (12.670% of share capital). Of the proxies, 31,216,721 shares were granted in favor of the Chairman of the Board of Directors and 3,096 in favor of the Secretary of the Board of Directors.

Right to vote

Neither the Articles of Association nor the Annual General Meeting's Regulations contain any limitations on the exercise of voting rights. Each share grants its owner the right to one vote. The exercise of this right is regulated in Articles 32-33 and 25-26 of the Articles of Association and the Regulations of the Annual General Meeting, respectively.

Proposed resolutions will be voted on separately during the Annual General Meeting, following the agenda provided in the notice. The Chairman shall decide the order of voting on resolutions not included in the agenda. The Secretary shall indicate each of the items in the agenda referring to the proposed resolution submitted for vote. It is therefore not necessary to read the proposed resolutions, as the texts have been provided to the shareholders upon their entry into the place where the Annual General Meeting is held.

In 2009, separate and individual votes were taken on the re-election of

Generally speaking, resolutions included in the agenda shall be voted on using the negative deduction system, i.e. considering the votes corresponding to each of the shares present or represented to be in favor, and deducting from them votes against, blank votes and abstentions of the shareholders who so stated before the notary public present during the meeting or included in the attendance and proxy card. The procedure for voting on resolutions not included in the agenda shall be the opposite: Votes for the shares present or represented shall be computed as against, except for those of shareholders expressly stating otherwise.

As in the case of the representation during the Annual General Meeting of 2009, in addition to the vote of those present, mechanisms were provided to facilitate a vote prior to holding the meeting, using remote communications means: mail or electronic means.

1,706 shareholders owning 24,899,178 shares representing 10.095% of share capital exercised their right to vote using remote means in 2009, of which 13,344 were sent electronically. In 2008, 334,831 votes were sent by mail and 7,100 via electronic means.

The form of remote voting by sending the attendance and proxy card by mail to Telecinco, or via electronic means is similar to the process already described for the right to representation.

All the rights mentioned above have been adopted by the Articles of Association and the Annual General Meeting's Regulations available on our website ([www.telecinco.es/inversores/es/](http://www.telecinco.es/inversores/es/)).

Information related to attendance, representation and remote voting at Annual General Meetings held in prior years is provided below:

	<b>2007</b>	<b>2008</b>	<b>2009</b>
Present shareholders	63.239%	64.584%	61.765%
Represented shareholders	10.900%	12.670%	12.889%
Remote voting	0.108%	0.139%	0.529%

A total of 66,000 letters, attendance, and proxy cards were sent.

After the Annual General Meeting, Telecinco publishes information regarding the quorum requirements, resolutions passed, percentage of votes and speeches given by the Chairman and the two CEOs on its web page (<http://www.telecinco.es/inversores/es/>).

E.4 Mention any steps taken to encourage shareholders to take part in Annual General Meetings.

The measures adopted to encourage the participation of the shareholders at the Annual General Meeting are included in the paragraphs above; among them, the elimination of the need to hold a certain number of shares to attend a meeting should be noted (after the statutory amendment made in the year 2007).

Apart from the increased dissemination of the call for the Annual General Meeting through publications on major media, publications of information on our website, a phone number for shareholders to call and ask for additional information, ask questions, and request clarifications, etc., Telecinco shall send through ordinary mail to each of its shareholders a letter informing them of the date, place and time of the Annual General Meeting on first and second call, the possibility of voting and arranging representations through remote means of communication, and attach an attendance and delegation card should shareholders not be able to attend. A stamped prepaid envelope is also included so that in the event they decide to exercise their right to remote or proxy vote by regular mail, they may easily send the card to the company at no additional cost.

As regards the premises where the Annual General Meetings are to be held, since the first Annual General Meeting, held in 2009, meetings have been held in the same premises, situated in the center of Madrid, with good public transport connections, easily accessed by the handicapped, and with sufficient space, where specific technical means shall be installed to ensure the proper follow-up of the meeting by the shareholders present. The website includes information and a plan indicating how to access the precinct where the meeting shall be held.

E.5 State whether the positions of chairman of the Annual General Meeting and of Chairman of the Board of Directors are held by the same person. If so, mention any measures taken to assure the independence and sound performance of the Annual General Meeting:

YES

Detail of measures
<p>As explained above, the Chairman of the Board of Directors is not an Executive Director.</p> <p>The Chairman of the Board of Directors presides over the meetings of the Annual General Meeting in compliance with Article 15 of the Annual General Meeting's Regulations.</p> <p>This does not preclude the ordinary development or independence of the Annual General Meeting. However, to reinforce the guarantees of proper operation and independence, have remained the measures incorporated last year:</p> <p>1.-The participation of a specialized entity totally independent from the Board of Directors and Telecinco in the preparation of the attendance list and the calculation of the quorum, thus avoiding the intervention of the Chairman and Secretary of the Board of Directors.</p> <p>2.-The presence of a Notary Public to draft the Minutes of the meeting and record interventions.</p> <p>3.- The absence of the casting vote by the Chairman</p>

E.6 Mention any amendments made in the regulations of the Annual General Meeting during the year.

No amendments have been made since the regulations were adapted in 2007 to the text of the Conthe Code.

E.7 Provide the following figures on attendance to the annual general meetings held during the year covered by this report:

## G OTHER INFORMATION OF INTEREST

List and explain below the contents of any relevant principles or aspects of corporate governance applied by the Company that have not been covered by this report.

Telecinco continued to make progress regarding corporate governance in 2009. There were changes in the composition of the Board of Directors; the number of independent directors was increased (there are now six, representing 40% of directors), a new director, Ms. Helena Revoredo, was appointed following internal measures to achieve gender diversity in the board's composition, and the number of proprietary directors was reduced from six to five. The Chairman is currently an independent director.

There were also changes in the composition of the board committees in 2009. In line with the provisions of article 3 of both committee rules and regulations, the non-member secretary was replaced after being appointed executive director. The chairmen of the committees are still independent directors. The Executive Committee increased its number of independent directors, one of which is the committee's Chairman.

Internally, a complaints channel was created, which in 2010 will be included within the Rules of the Audit and Compliance Committee. Accordingly, this committee has approved an amendment to the "Internal Code of Conduct of Gestevisión Telecinco, S.A. and its Group of Companies regarding Stock Market Activities" approved in 2007. The objective of the amendment is to adapt the text to prevailing best practices, as well as to the recommendations of the CNMV's "Guide on the Transmission of Privileged Information to third parties" (9/2009), to Ministerial Order EHA/1421/2009, of June 1, implementing article 82 of Securities Market Law 24/1988, of July 28, and to the provisions included in CNMV Circular 4/2009, of November 4 on significant information.

This amendment has strengthened the internal control and use of insider information, as well as the means for treating this information, and has increased the scope and obligations of disclosure. The amendment was approved by the Audit and Compliance Committee and by the Board of Directors. The changes mainly affected the following articles:

- The section of definitions and Article 3 - The amendment has broadened the scope of the treatment of privileged information by both information transmitters and information receivers. The definition of information receivers has been adapted to the provisions contained in the recommendations.
- Article 4 - The definition of trading for own account is expanded, as is that of trading in financial instruments, especially in respect of measures for the management of privileged information. The models for notification of significant shareholdings of directors and officer are included.
- Article 6 - The changes affect the obligations and requirements regarding privileged information with respect to third parties. A list of good practices has been included, along with safeguard and control measures with which information receivers and transmitters must comply.
- Article 7 - Management of material information, which includes the recommendations of Circular 4/2009, of November 4 in respect of the identification, means and measures to follow when submitting material information.
- Article 10 - Regulatory compliance group: the current text expands the functions of this group to include the development of a plan for employees and officers on the content of the Code of Conduct.

In keeping with the good governance recommendations, individual and split votes were taken on the re-election of five directors and the appointment of two new directors.

In respect of remuneration, in 2009 detailed information on remuneration paid to directors was disclosed, including the information in the annual financial statements and in the Report on the Directors' Remuneration Policy given to shareholders at the Annual General meeting. In 2009, information on remuneration paid to senior managers of Telecinco and its Group was included.

As in 2008, to ensure the veracity of the information included in this Report, it was submitted for verification of its content by an independent auditor, PriceWaterhouseCoopers.

SECTION A.2 - One of the main changes in the shareholder body was the sale by Vocento, S.A. of all its shares in Telecinco after previously reducing its stake, as indicated in the 2008 annual corporate governance report. In addition, while this report refers to 2009, in January 2010, Harris Associates L.P. notified the CNMV that it had reduced its shareholding to 4.808%.

SECTION A.3.-The share options and features are as follows:

- (i) Alejandro Echevarría (Chairman): in 2009 he was granted 67,250 share options. At the end of 2009, this figure was adjusted and reduced to 16,820 after verifying that he had met only one of the three stated targets, free cash flow, and not the consolidated EBIT target for the Telecinco Group or the gross advertising revenue target. The 16,820 options equate to 16,820 shares. The share options granted in 2009 plus those granted previously to Mr. Echevarría amount to a total of 238,937 options, equivalent to 238,937 shares of Telecinco representing 0.097% of the voting rights.
- (ii) Paolo Vasile (CEO): in 2009 he was granted 134,500 share options. As in the case above, the amount was reduced to 33,625 as he failed to meet two of the established targets, consolidated EBIT for the Telecinco Group and gross advertising revenue. The 33,625 options equate to 33,625 shares. This gives Mr. Vasile a total of 477,875 share options, equivalent to 477,875 shares of Telecinco representing 0.194% of the voting rights.
- (iii) Giuseppe Tringali (CEO): In 2009, he was granted 134,500 share options, which after applying the criteria indicated above, were reduced to 33,625. To date, Mr. Tringali has been granted a total of 477,875 share options, equivalent to 477,875 shares of Telecinco representing 0.194% of the voting rights.
- (iv) Massimo Musolino: in 2009 he was granted 61,000 share options, which were reduced to 15,250, equivalent to 15,250 shares. To date, Mr. Musoline has been granted a total of 225,750 share options, equivalent to 225,750 shares of Telecinco representing 0.092% of the voting rights.
- (v) Mario Rodríguez Valderas, director since April 1, 2009, was granted 36,000 share options in 2009, which for the reasons already explained were reduced to 9,000. These, coupled with those he already held, amount to 129,000, equivalent to 129,000 shares representing 0.052% of the voting rights.

All of the options have the same features and may be exercised from July 29, 2012 until July 28, 2014. The options will be equity-settled after the payment of a set price of 6.29 euros per share. No options were exercised in 2009. See section B-1.11 for more information on the remuneration paid in 2009.

#### SECTION A/4/A5

As indicated in the 2008 report, Mr. Pier Silvio Berlusconi, son of Mr. Silvio Berlusconi, indirect holder of 35.560% of Telecinco's share capital, has a seat on the Board of Directors. He has a seat on the Board of Directors as an external proprietary director, but he has not been granted any powers or authority to act and that there are no commercial, contractual, or corporate links between he and Telecinco.

## SECTION A.8

At December 31, 2009, the number of treasury shares acquired by Telecinco stood at 445,374 after discounting the 35,971 shares allocated to cover remuneration schemes for Telecinco managers.

SECTION B.1.2 - At the Annual General Meeting held April 1, 2009, the following directors were re-elected: Mr. Alejandro Echevarría Busquet (99.491% votes in favor), Mr. Paolo Vasile (99.399% votes in favor), Mr. Giuseppe Tringali (99.410% votes in favor), Mr. Alfredo Messina (99.089% votes in favor), Mr. Fedele Confalonieri (99.090% votes in favor), Mr. Marco Giordani (99.088% votes in favor), Mr. Giuliano Adreani (99.088% votes in favor) and Mr. Pier Silvio Berlusconi (99.281% votes in favor). Individual votes were taken on the re-elections.

SECTION B.1.3.- Since Telecinco's flotation in June 2004, shareholder Vocento, which initially held 13% of the share capital, had two seats on the Board of Directors: Mr. Alejandro Echevarría Busquet and Mr. José M Bergareche Busquet. After the decrease in Vocento's shareholding in Telecinco to below 10% in 2008, Mr. Bergareche, pursuant to article 14.3.f of the Regulations of the Board of Directors, submitted his resignation to the Board of Directors, which was accepted unanimously.

On July 31, 2009, shareholder Vocento sold all of its shares in the company, as a result of which Mr. Echevarría was in a similar situation. In this case, the Board of Directors, based on a favorable report by the Appointments and Remuneration Committee, considered Mr. Echevarría's track record as Chairman of Telecinco and rated positively his experience and knowledge, as well as the possibility that the Chairman could be an independent director pursuant to article 9.b).x. of the Regulations of the Board of Directors. Therefore, it did not accept his resignation, in accordance with the provisions of article 14.3 of the Regulations of the Board of Directors.

Senior managers' remuneration comprises (i) fixed remuneration, (ii) variable annual remuneration, (iii) deferred bonuses and (iv) remuneration in kind.

Fixed remuneration: corresponds to the amount agreed in each individual employee contract. Increases are approved each year. In the last few years, the normal increase has been the CPI rate of the preceding year. In other words, the increase in remuneration is at the end of the year, with no back pay.

Variable annual remuneration: comprises a bonuses target based on a percentage of the fixed remuneration, which ranges in accordance with professional level. The final amount receivable may increase or decrease, or no amount may be received depending on the degree of compliance with the stated targets. The targets may be:

1. Company targets, representing between 50% and 80% of the total depending on the position.
2. Individual targets (corporate or department), representing between 20% and 50%.
3. At least one of the two corporate objectives must be met to be eligible for annual variable remuneration.
4. The final bonus may be increased depending on the performance assessment.

Deferred bonuses: these bonuses were paid in April 2009. This was a single, one-time plan approved in 2006, which met a dual objective: to achieve certain cumulative financial targets for 2006, 2007 and 2008, and to garner the loyalty of executives participating in the plan, as in order to receive the bonus

they had to remain on staff until April 30, 2009.

Remuneration in kind: corresponds to the assessment of the following items:

1. Corporate vehicle, with certain parameters or cost levels depending on the position held.
2. Medical insurance, for managers, their spouses, and children.
3. Life and disability insurance, with different guaranteed capital amounts depending on the position held.
4. Personal income tax withholding payments on account in respect of remuneration in kind items not charged (e.g. company vehicle, life insurance).
